

## COLOP e-mark® go handle foil set Product data sheet and description

### Short description

The COLOP e-mark® go handle foil set gives your e-mark go an even more personalised character. The handle foil can be changed easily.

The two colours - fresh apple green and sweet pink – offer a fresh alternative to the standard label.

### Usage

The handle label can be attached to the e-mark go as an alternative to the standard label. To do this, first remove the label from the e-mark go, as well as any adhesive remains or dirt. Then remove the new label from the backing film and attach it to the e-mark go.

*Any handling other than that described in this document does not comply with the purpose of this product.  
The product is not a children's toy.*

### Product features
