

COLOP e-mark® Pen holder set Product data sheet and description

Short description

The COLOP e-mark® pen holder is perfect for personalising small amounts of pens quickly and easily. The pens are made of white paper. This makes it ideal for promotional gifts, giveaways at events, for labelling pens with names (e. g. for school) or prepare personalised gifts.

Usage

The pen holder is used for printing on pens made of absorbent material such as paper, wood or cardboard using the COLOP e-mark® ruler. The pen is inserted into the pen holder and the ruler is positioned on top (should click into place). The e-mark is now placed on one end of the ruler and the pen is printed with a sideways movement.

*Any handling other than that described in this document does not comply with the purpose of this product.
The product is not a children's toy.*
