

COLOP e-mark® endless label white glossy & transparent – Product information

Short description:

Thanks to a specially coated surface, the COLOP e-mark® endless labels can be used to create splash-proof and scratch-resistant labels for a multitude of possible uses. Whether labelling storage boxes in the kitchen area, school items or other objects, these highly adhesive and durable labels set no limits regarding creativity and efficiency.

The backing material is 16mm wide, whereas the actual label has a width of 14mm. This ensures easy releasing and imprints on the full surface of the label are possible. The endless label can be used in combination with the COLOP e-mark® Ribbon Guide or the COLOP e-mark® Ruler for precise positioning of the imprint.

For optimal handling of the labels, simply leave the roll in the packaging and pull the label out along the upper marked  tab. This prevents unwanted unwinding of the label roll.

Full-surface, dark design elements can take longer to dry!
Slow down your printing speed for an optimal imprint!

Product features:

- Enables to create water- and scratch resistant labels
- High adhesion on many surfaces

Product information:

Material	PP	PET
Colour	White glossy	Transparent
Label size	14 mm x 8 m 9/16" x 26 ft ¼"	14 mm x 8 m 9/16" x 26 ft ¼"
Pack -Size incl. packaging (L x W x H)	70 x 19 x70 mm	70 x 19 x70 mm
Pack – Weight incl. packaging	28 g	28 g
Master carton (12 pieces) Size (L x W x H)	260 x 75 x 100 mm	260 x 75 x 100 mm
Master carton (12 pieces) – Weight	343,5 g	343,5 g
Country of origin	NL	ES
Customs tariff code	48219010	48219010
