

## COLOP e-mark® nametags and signs

### Short description

The product range of the COLOP e-mark® nametags and signs offers the possibility to generate a long lasting and resistant imprint on small PVC signs. So that individual low volume labelling and marking with high quality becomes as easy as can be.

Whether as a nametag for events such as trade fairs and congresses, as lettering for shelves or similar storage systems, for flexible price labeling or as a gift tag, these products expand the broad area of application of the COLOP e-mark® by a further broad area of application.

The special coating of the cards enables a much higher resistance of the imprints against water and eco-solvents as well as against environmental influences like slight scratches.

Thanks to the 18mm height format, the cards can be easily inserted into the recess of the COLOP e-mark® ruler and therefor printed with precise positioning.

<b>Format</b>	80 x18 mm / 3.15" x 0.71"	45 x18 mm / 1.78" x 0.71"	45 x18 mm / 1.78" x 0.71"
