

## COLOP e-mark® go Protective Case – Product data sheet and description

### Short description

The compact case fits perfectly for the COLOP e-mark® go and protects it from external impacts.

To make sure to be always ready it also offers a special space to take your USB charging cable with you.

### Usage

The protective case was developed to store and transport the e-mark go safely. The e-mark go should be packed in the case with the docking station and in the off state.

*Any handling other than that described in this document does not comply with the purpose of this product.*

*The product is not a children's toy.*

### Product features

- Compact and perfect fit to the COLOP e-mark® go
- Lightweight and robust material
- Ideal protection against scratches, splash water, smaller shakes and other external impacts
- Additional space for USB charging cable
