

COLOP e-mark® Endless label textile – Product data sheet and description

Short description

With the COLOP e-mark® endless label textile for ironing, textiles can also be printed with a COLOP e-mark® printer in a variety of ways. Whether for labelling children's, work or leisure clothing or adding design elements, this adhesive and durable label is ideal for all textile surfaces that are suitable for ironing.

Usage

The endless label textile was developed for marking textiles with e-mark devices. For an exact positioning of the imprint, use the e-mark ribbon guide or the ruler. For optimal handling, you can leave the roll in the packaging and simply pull the label out of the packaging along the upper marked flap. Longer drying times may occur with full-surface, dark design elements. For an optimal print quality, reduce your print speed and avoid such design elements if possible.

Cut the label to the desired length and place it on the desired spot with the print facing upwards. Then iron it on at 110-115 °C for 5-10 seconds. Use baking paper in between to protect your iron. For improved adhesion, the garment should be washed once before use.

Attention! Wait at least 24 hours before washing for the first time. Shortening the waiting time will cause the labels to fade more quickly.

Any handling other than that described in this document does not comply with the purpose of this product.

The product is not a children's toy.

Product features

- Iron-on label for textiles
- For light and dark coloured textiles
- Wash-resistant until 40°C / 104°F
- Re-ironable

Product information

Material	PES
Colour	White
Label size	15 mm x 8 m 0.59" x 26 ft 0.25"
Size of label roll	63 x 63 x 16 mm / 2.48" x 2.48" x 0.63"
Pack -Size incl. packaging (L x W x H)	91 x 72 x 21 mm / 3.58" x 2.83" x 0.83"
Pack – Weight excl. / incl. packaging	25.6 g / 32.5 g
Master carton (12 pieces) Size (L x W x H)	265 x 120 x 91 mm / 10.43" x 4.72" x 3.58"
Master carton (12 pieces) – Weight	470 g
Country of origin	Spain
Customs tariff code	48219090

Art. No.	Description	EAN13
155543	Endless Label, 15mm x 8m, Textile	9004362000082

Information on care and durability

- The colour quality of the ironed-on label remains stable for about 5 washes at 40° C.
- When using the COLOP e-mark Black Pigment Ink, good colour quality can be extended to over 10 washes at 60 °C.
- It is possible to dry the ironed-on labels with a dryer.
 - When using a dryer, make sure that the garment is suitable for it.
 - The adhesive on the textile label will dissolve after about 4-5 cycles in the dryer.
 - TIP! This means that the label can be easily removed and the item of clothing can be re-labelled or used unlabelled.
